

Coastal Community Dog Training Club Inc.

Greening Our Club Policy

Coastal Community Dog Training Club Inc. recognises that each of us must contribute to the environmental health of the planet.

We commit to practising environmental responsibility by;

- promoting an environmentally sustainable culture at the Club, and
- choosing to make purchases for the Club from local vendors where possible, and
- reducing energy waste (including using energy efficient lighting, and power saving devices,) and
- using recycled paper and reducing paper usage , and
- reducing water usage, and
- reducing our contribution to landfill by utilising multiple use products, and
- supplying and encouraging members to bring/use a reusable cup/mug, and
- keeping up to date with current environmental practices and incorporating them into the Club culture where possible.
